

Draft Preliminary Agenda – GWPC UIC Conference Austin, TX – Feb. 9-11, 2015

Monday February 9, 2015					
10:00-5:00	10:00-5:00 - open Well Integrity Workshop	12:30-3:00 - closed EPA Aquifer Exemption Working Session	12:30-3:00 - closed Induced Seismicity Working Group Meeting	3:30-5:30 - closed FracFocus Working Group Meeting	3:30-5:30 - closed UIC National Technical Workgroup
Tuesday, February 10, 2015					
8:00-10:00	Evolution of the UIC Program – Over 3 decades of a effective waste management and environmental protection Leslie Savage – Railroad Commission of Texas & GWPC President (Panel) Dale Kohler – Texas Council on Environmental Quality (Moderator) Bruce Kobelski – USEPA Office of Ground Water and Drinking Water Bob VanVoorhees – Underground Injection Technology Council John Veil – Veil Environmental Bill Rish – Hull Risk Analysis Center				
10:00-	Break				
10:20-12:20	Induced Seismicity by Underground Injection Glen Brown - Continental Resources Grant Bromhal , National Energy Technical Laboratory Phillip Dellinger – USEPA Region 6 A Proactive Approach to Induced Seismicity: Can the Oil and Gas Industry Manage Induced Seismicity and Work in Cooperation With the Regulatory Agencies? Thomas E. Tomastik , and J. Daniel Arthur, ALL Consulting Rick Simmers – Ohio Oil Department of Natural Resources				
12:20-1:30	The 20th Annual GWPC UIC Conference Luncheon Mike Paque – GWPC Executive Director (moderator) Peter Grevatt – USEPA Director of Groundwater & Drinking Water Leslie Savage – Railroad Commission of Texas & GWPC President				
1:40-3:40	Oil & Natural Gas Produced Water Management Brine Disposal Reservoirs in the Appalachian Basin: Injection Performance and Geological Properties - Joel Sminchak , John Miller, and Neeraj Gupta. Battelle, Columbus, Ohio New Information on Produced Water Volumes and Management Practices - John Veil , Veil Environmental Shale Energy Produced Fluids Management and UIC Well Disposal Trends - David Yoxtheimer , Penn State University Class II Saltwater Disposal Wells in Ohio: Understanding the Avenue to Success - J. Daniel Arthur , Thomas E. Tomastik, and David Overstreet, ALL Consulting Dual Permitting of Class II and Class V Wells for the Injection of Drinking Water Treatment Residual Wastewaters - Phil Dellinger , EPA Region 6, Tim Baker of OK CC, and Saba Tahmassebi , OK DEQ				
3:40-	Break				
4:00-6:00	State/EPA UIC Issues Roundtable (State & EPA Only)			Industry Issues Roundtable	

Wednesday, February 11, 2015	
	<i>Managed Aquifer Recharge</i>
8:20-9:00	Examples of Manage Aquifer Recharge in New Mexico - Bill Marley , Daniel B. Stephens & Associates, Inc.
	<i>Aquifer Exemptions</i>
9:00-10:00	Peter Grevatt , USEPA HQ to provide education outreach to the regions, state and the regulated community on the record of decision memo/document checklist that will be used by the regions to document the aquifer exemption decisions
